RE: Docket #98N-1038 "Irradiation in the production, processing, and handling of food"

Dear FDA,

I want to have foods that are irradiated to be **CLEARLY LABELED** with a statement indicating that radiation was used, and the radura symbol clearly displayed. People have the right to choose which foods they purchase and how the food is prepared

Also please post all comments on the Internet so the public can be informed.

Thank you.
